Classes Tailored to Individual Skill Levels

Classes are designed for those with an interest in learning the fundamentals of blacksmithing, or increasing your knowledge and skill level for returning students. Basic Students will learn to light and work with a coal forge to heat metal to more than red hot, then to use hammers and other tools to forge, bend and twist the hot metal to desired shapes. Students will work hands-on with coal burning forge and learn to forge iron into useful and decorative items.

Our classes are intended for adults. However, responsible, well-behaved youths are invited to participate when accompanied by an adult also taking the class.

We are offering classes specifically geared toward those with advanced skill levels. For dates ***contact Jeff Martin at 775-482-9274 or email tonopahminingpark@gmail.com***
